DESCRIPTION

The Aurodhea Cool & Bronze Spray is the ideal product to enjoy a pleasant feeling of well-being during or after sun exposure, while promoting an even tan. Its formula is enriched with the exclusive 2BRONZE™ complex, a combination of Coneflower extract and Walnut Husk Oil that stimulate the appearance of a golden tan, while protecting the skin. The product also contains Panthenol and Aloe Vera, which exert a soothing action and help rebalance the hydrolipid layer altered by UV exposure. In addition, Menthol refreshes the skin and relieves sunburn thanks to its decongestant properties. With its light texture, this spray absorbs quickly and leaves the skin pleasantly soft.

DERMATOLOGICALLY TESTED

CPNP REFERENCE: 4641303

HOW TO USE

Apply to the skin several times a day, during or after sun exposure. If used while sunbathing, apply the product after sunscreen.

WARNING

Avoid release to the environment. Avoid any accidental damage or incorrect handling that might cause product leakage. Store in a cool, dry place away from heat.
